RE: This letter is in reference to Todd Grant

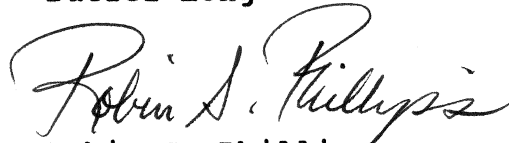

I have known Todd Grant on a personal and professional level for approximately five years. On a professional level I have seen him do professional presentations and have reviewed his written work via the presentation topics. Additionally, I have represented a party who was the financé of his client, whereby the parties desired to negotiate and execute a prenuptial agreement.

On a professional level I have found Mr. Grant to be a well prepared, articulate and thorough lawyer. He has demonstrated to me that he is a lawyer who has the ability to assimilate and communicate all the fine points of a legal matter while being a good advocate for his client and at the same time is a problem solver to facilitate a transaction. Further, Mr. Grant, I believe, is an astute legal researcher and has excellent writing skills.

On a personal level, I have observed him to be a person of integrity, honesty and a person who has strong commitment to a quality family life as well as a quality professional life.

Please fee free to contact me at the above number.
Very truly yours,
